

Webinar: Navigating the Waters of Insurance Reimbursement for ABA Providers

Cost: \$45 – earn 1, Type 2 BACB CEU

Insurance reimbursement for applied behavior analysis therapy is a rapidly changing field and providers are expected to know the ins and outs of this industry or run the risk of not getting paid for their services. This recorded webinar will give both an introductory look at getting connected with insurance companies as well as a more advanced understanding of how to navigate some of the more challenging business aspects. Participants will leave with an understanding of the pros and cons of being in-network vs. out-of-network, as well as an understanding of contracting (including negotiations), authorizations, and credentialing.

This webinar is one hour and will satisfy requirements for 1 BACB CEU.

for ABA Providers**

Presented By

Chris Jones, Ph.D., BCBA-D

Dr. Jones is a full-time consulting staff member at the Haring Center. His past research at the University of Puget Sound and the University of Washington concentrated on social and communication skills for children and young adults with autism and other mental health issues. In addition to his training as both a developmental psychologist and behavior analyst, Dr. Jones has over two decades of clinical experience working with clients with autism and developmental disabilities.

Dr. Jones has published in peer reviewed journals and presented in workshops and conferences locally and nationally. He served as president of the Washington Association for Behavior Analysis, works administratively as the director of operations for an ABA business, and consults widely on business matters for ABA businesses in Washington state and across the country.
